

What have we been learning this week?

Autumn 2—Week beginning 4/11/24

Welcome back to a busy term! We will be learning about lots of different celebrations this term; starting this week with bonfire night and remembrance. We learnt about fire safety and created collage bonfires. We made a remembrance wreath to represent the school at the remembrance service on Sunday. We have

Book of the week- **A busy day for birds**

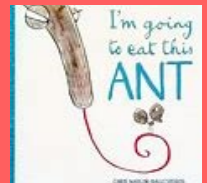

Rhyme of the week- **Favorites**

Word of the week- **a bit**

Literacy

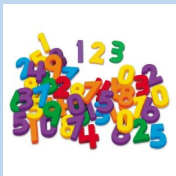

This term we will be reading 'I'm going to eat this ant'. We introduced the book this week and were surprised how many children

recognised an ant eater.

Math's

We have using mathematical language to describe our firework this week. We spoke about the fireworks going high, straight, wide, long, distance and speed.

Next Week

It's world Nursery Rhyme Week; we will actually have real currant buns and be singing songs all week long. Our activities will reflect the rhyme that day. Every child will get a certificate for taking part.

We will be learning about Diwali (we welcome any plastic bottle donations.) On Friday it's Children in Need day so please send your child to school in comfortable sports wear as we will be getting active!

Please send your child with mittens and warm hats (clearly labeled) as the weather turns cold. Please don't send gloves.

Book of the week- **I say Ooh, you say Aah**

Word of the week- **day**
